What do people say about us?

‘I had the pleasure of being taught by Cris for my Chartered Wealth Manager qualification. Cris is enthusiastic, incredibly knowledgeable on his subject matters and teaches in a way that is easily understood. He is incredibly supportive, not only whilst in the training session but also by responding to questions on the material in personal study time. I felt well prepared for each of the exams I sat having been taught by Cris. Cris’ achievement record speaks for itself and I would be happy to recommend him to anyone who is looking for an excellent trainer for financial services exams.’

Katherine Tasker, London, Investment Manager

‘Cris tutored me throughout all three exams that make up the CISI’s Chartered Wealth Manager Qualification. His commitment and attention to detail was second to none. The small group size ensured everyone in our local group got excellent advice and tutoring from Cris and also enabled us to learn from each other. His mock exams and personalised feedback were particularly helpful. He was always available to help with any last minute queries in the run up to the exams. With his excellent advice and tutoring I was able to pass all three exams on first attempt.’

Charles Palin, Liverpool, Financial Markets Award Winner, 2018
