'I was lucky enough to have Cris Glasgow as my tutor for the Chartered Wealth Masters. I cannot recommend him enough, I really believe there is no other tutor like him. His approachable and relaxed nature made the whole learning experience really enjoyable. The depth and breadth of his knowledge is truly incredible and unique. I believe this gave us the real X factor to pass. No question was too much trouble for Cris. His clear teaching style with multiple methods, wealth of experience and speed and efficiency in responding to queries really makes him stand out from the industry. Cris played a momentous part in helping me qualify and I am forever grateful to him.'

Charlotte Metcalfe, Assistant Investment Manager

'Cris tutored me throughout all three exams that make up the CISI's Chartered Wealth Manager Qualification. His commitment and attention to detail was second to none. The small group size ensured everyone in our local group got excellent advice and tutoring from Cris and also enabled us to learn from each other. His mock exams and personalised feedback were particularly helpful. He was always available to help with any last minute queries in the run up to the exams. With his excellent advice and tutoring I was able to pass all three exams on first attempt.'
